MAJOR SPILL (>1L)	MINOR SPILL (<1L)
<ul style="list-style-type: none"> Evacuate immediate area. Call EPS: 416.978.7000 (8:00-4:00, Weekdays). After hours call Campus Safety: 416.978.2222 Attend to contaminated person(s). Consult SDS. Wait in a safe area for the response team. Report incident to supervisor/EHS. 	<ul style="list-style-type: none"> Use SDS and determine appropriate cleanup procedures. Decide if you can safely handle spill; call 416.978.7000 for assistance. If any vapours generated from spill, call 416.978.7000 and Facilities and Services Maintenance: 416.978.3000 Eliminate ignition sources, turn on fume hoods, confine spill, move items from path of spill. Sweep solids of low toxicity into a dustpan and place into container for disposal. Dispose of all cleanup materials as hazardous waste. Waste must be properly packaged in a leak-proof container, sealed and labelled with a hazardous waste label. Call 416.946.3473 for disposal. After removal of spilled material, if the chemical is soluble in water, the area should be washed with warm, soapy water to remove any remaining residue. Report the incident to supervisor/EHS.
